

Terms and Conditions for Purchase of Products (Ver. 20150521 – Rev 20201103)

- 1. Definitions:** The term "Contract" means these Terms and Conditions for Purchase of Products ("Terms and Conditions"), together with all documents specifically referenced herein and any written purchase order, contract or agreement which attaches, incorporates or otherwise references these Terms and Conditions. The term "Company" means Howmet Aerospace Inc., or its subsidiary(ies) or affiliate(s) in Japan executing this Contract. The term "Seller" means any individual, corporation or other entity who is to supply Products purchased by the Company pursuant to this Contract. The term "Products" means the goods or materials sold by Seller and purchased by Company under this Contract.
- 2. Scope and Acceptance:** All Products are supplied pursuant to this Contract. This Contract will become legally enforceable on the earlier of delivery of a signed acknowledgment, commencement of performance, or shipment of all or any portion of the Products covered under this Contract, by Seller. As an offer, any acceptance of this Contract is limited to acceptance of the express terms of the offer contained on the face and back hereof and notification of objection to any different or additional terms in any response to this offer from the Seller is hereby given. If this Contract is considered an acceptance of Seller's offer, this acceptance is expressly conditioned on Seller's assent to any additional or different terms contained in this Contract. If this Contract is considered a confirmation of an existing contract, the parties agree that this Contract constitutes the final, complete and exclusive terms and conditions of the contract between the parties.
- 3. Blanket Order:** If this Contract is identified as a "Blanket" Contract or "Blanket" order or in some other manner references a specific quantity of Products to be purchased, Seller hereby acknowledges that the quantities specified and delivery dates listed in such "Blanket" Contract are contingent upon the issuance of a release by Company identifying the Products to be purchased and providing delivery directions. When a Contract is identified as a "Blanket" Contract or deliveries are otherwise specified to be in accordance with Company's written releases, Seller will not fabricate or assemble any Products nor procure required materials, nor ship any Products except to the extent authorized by such written releases or provisions of a Contract specifying minimum fabrication and delivery quantities. Forecasts are not releases and may not be relied upon by Seller. Releases are included in the term "Contract". By accepting a "Blanket" Contract, Seller agrees to accept all releases issued by Company thereunder.
- 4. Price/Terms:** Seller warrants that the prices set forth in this Contract are complete and that no additional charge of any type will be added without Company's prior express written consent, including but not limited to, charges for shipping, packaging, labeling, custom duties, taxes, storage, insurance, boxing and crating. Unless otherwise specified in the Contract, all prices will be FOB destination (place of delivery). Seller further warrants that the prices set forth in this Contract are the lowest prices charged for the Products, or substantially similar products, sold by Seller to its other customers. If, after execution of this Contract, but prior to payment by the Company for Products purchased hereunder, Seller (i) sells, or offers to sell, Products, or substantially similar products, to another customer at a lower price, (ii) offers a reduction in price to any customer already purchasing Products, or substantially similar products, or (iii) sells, or offers to sell, Products, or substantially similar Products, on commercial terms that are, in Company's reasonable judgment, more favorable than those set forth in this Contract, such lower price or more favorable terms will be applicable to all purchases of Products by Company hereunder. If, at any time during the term of this Contract, Company receives a *bona fide* offer from a third party to supply Products to Company on similar commercial terms, but at a lower price, Company may notify, and provide the necessary particulars of such offer to Seller, and Seller will, within thirty (30) days thereafter, inform Company whether it will match such price for Products purchased hereunder. If Seller does not agree to match such price, Company may, in its sole discretion, elect to purchase Products from such third party, and any obligation of Company to purchase Products from Seller pursuant to the terms of this Contract will be deemed to be waived by Seller to the extent of any such purchases. Upon request of Company, Seller will be required to certify that it is in compliance with the requirements of this paragraph. In addition, Company will have the right to examine and audit, during normal business hours, any and all records, data, invoices and documents, in whatever shape or form, including, but not limited to, electronic media, that may contain information relating to Seller's obligations as set forth in this paragraph and the costs incurred pursuant to this Contract. Such records will be kept by Seller for a period of at least three (3) years after the expiration or termination of this Contract, or for such longer periods as may be required by law, in a form that is clear and accurate and containing content sufficient and adequate to permit the aforementioned audit. Except as otherwise expressly set forth in this Contract, Company will have no obligation to purchase any specific quantity of Products from Seller and Company will be entitled, in its sole discretion, to purchase the same or similar Products from other suppliers. Company expressly reserves the right to disclose any of the terms of this Contract, including but not limited to pricing, to third parties.
- 5. Taxes:** Seller will bear and pay all applicable taxes of Japan, the United States, and/or any state or any other foreign government including political subdivisions of any of them, which are based on or measured by net income, gross income or gross receipts including any withholding taxes levied against Seller for the privilege of doing business in a jurisdiction. If Seller is required by law to collect sales and use tax (including any gross receipts tax imposed similar to a sales and use tax) from the Company on behalf of any taxing jurisdiction, Seller will provide to Company invoices which separately state and clearly indicate the amount of tax and Company will remit any such tax to Seller. Seller will have the responsibility of complying with all applicable Japanese, foreign, national, state or local laws regarding value added tax and sales and use tax or substitutes therefore including registration, collection of taxes and the filing of returns where applicable. Notwithstanding whether Seller must collect sales and use tax from Company, Seller will state on every invoice the taxing jurisdiction (e.g. country, state/prefecture and local jurisdiction) in which Products were provided. If applicable, in lieu of payment for any sales and use tax, Seller will accept a properly executed exemption or direct pay certificate from Company. The determination of whether an exemption or direct pay certificate will be submitted to Seller in lieu of payment for any sales and use tax will be made by Company on a location by location basis. With the exception of sales and use tax as described above, all other taxes, however denominated or measured, imposed upon the Seller, or the price or compensation under this Contract, or upon the Product provided hereunder, will be the responsibility and liability of Seller.
- 6. Inspection and Quality Assurance:** All Products will, before delivery, be subject to inspection, tests, and audits by Company or its agent at reasonable times and places. Seller agrees to provide access for Company to its facilities at all reasonable times for such inspection, tests, and audits, and, at no additional cost, to provide all assistance and facilities reasonably necessary to perform the same. Neither the inspection, testing, or auditing of any Products, nor the failure to do so, before delivery to Company will constitute acceptance of any Products, or relieve Seller from exclusive responsibility for furnishing Products in strict conformance with the Company's specifications. Seller warrants that it has and will maintain an adequate quality control/assurance program with respect to the production and delivery of Products and that it creates and maintains adequate quality control/assurance reports, certificates, and other such records relating to the Products. Seller agrees that, upon request and at no additional charge, it will promptly furnish authenticated copies thereof, as well as applicable certificates of conformance and/or compliance acceptable to Company, at the time of, or promptly after, delivery. Seller agrees to notify Company of any changes to Seller's raw materials, manufacturing processes, analytical processes and quality control/assurance program that affect the quality of provided Products, including changes to certificates, and other such records relating to the Products.
- 7. Rejection:** Products will be received subject to inspection and approval by Company after delivery. Upon inspection, Company may give Seller notice

of rejection or revocation of acceptance, notwithstanding any payment, passage of title, approval, prior test or inspection. No inspection, approval, test, delay or failure to inspect or test, or failure to discover any defect or other nonconformance, will relieve Seller of any obligations under this Contract or impair or waive any right or remedy of Company with respect to Seller's performance hereunder. If, in Company's judgment, the Products do not conform with the requirements of this Contract, Company will have the right to reject the Products and, in addition to any other rights and remedies it may have, Company may, in its sole discretion: (1) return any or all nonconforming Products to Seller for reimbursement, credit, replacement, or repair as Company may direct; (2) correct, rework, and/or repair the Products with all costs associated therewith to be charged to and paid by Seller. Furthermore, Company may, at its option, reduce the quantity of Products Company is obligated to purchase by the quantity of Products returned to Seller hereunder. Any Products rejected by Company and returned to Seller will be returned, at Seller's risk and expense, with the cost of packaging, handling, inspection, examination, transportation and any other costs incidental thereto to be charged to and paid by Seller. Such Products will not thereafter be tendered to Company for acceptance unless the previous rejection and requirement of correction are disclosed to Company in writing. All such nonconforming Products that are so remedied will have the same warranty as stated in Section 8 from the date of re-delivery. Acceptance, whether or not it has been revoked, will not release Seller's responsibility for latent defects, non-conformities, warranty, or other claims. Nothing in these Terms and Conditions will relieve Seller from the obligation of testing, inspection and quality control.

8. Warranty: Seller warrants that all Products will be (i) in strict conformance with all applicable specifications, drawings, instructions, data, samples, standards and regulations, (ii) merchantable, free from defects in design, material and workmanship, (iii) as described and advertised, of good quality, fit for the intended purposes, (iv) composed of all new components, (v) free from all liens, encumbrances and any actual or claimed patent, copyright or trademark infringement, and (vi) manufactured in compliance with all applicable federal, state and local laws, regulations or orders, and agency or association standards or other standards applicable to the manufacture, labeling, transporting, licensing, approval or certification of the Products. These warranties are in addition to all other warranties, express, implied or statutory, which may be applicable. Company's approval of Seller's design, material, process, drawing, specifications or the like will not be construed to relieve Seller of the warranties set forth herein. Limitations on Company's remedies (or disclaimers of warranties) in documents of Seller, or otherwise, will not be effective and are hereby objected to and rejected. All warranties and other provisions of this paragraph will survive inspection or acceptance of, payment for, and use of the Products and completion, termination, or cancellation of this Contract, and will run to Company, its customers, successors, and assigns, and to users of the Products. This Contract incorporates by reference, and will be governed by, the Uniform Commercial Code, latest revision, as enacted by the Commonwealth of Pennsylvania, including all warranty protections (express or implied) and all buyer remedies set forth therein.

9. Intellectual Property: If Company furnishes the design for the Products or requires Seller to prepare a design for the Products, then Company will own all intellectual property rights relating to such design. Seller hereby assigns to Company all rights and future rights in such designs. If Seller furnishes a pre-existing design for the Products, then Seller will continue to own all intellectual property rights relating to such design. In the latter event, Seller hereby grants Company a permanent, paid-up, nonexclusive, worldwide, royalty-free license, with a right to sublicense to others, to make, have made, use, and have used, such intellectual property. Company does not transfer to Seller any patent, trade secret, trademark, service mark, copyright, or other intellectual property right of Company in information, documents, or property that Company makes available to Seller under the Contract, other than the right to use such intellectual property rights to produce and supply Products to Company. Seller will indemnify, protect, defend or settle (at Seller's expense), and hold harmless Company, its parents, affiliates, and its and their directors, officers, employees, agents, successors and assigns, customers and the users of Seller's Products ("Indemnitees") from all liabilities, expenses, suits, claims, actions, demands, judgments, settlements, costs, losses, damages and all other obligations and proceedings, including without limitation all judgments rendered against, and all fines and penalties imposed upon, Indemnitees and all attorney fees and any other cost of litigation (collectively "Liabilities") incurred as a result of actual or alleged infringement of any present or future patent, copyright, trademark, trade secret, or other actual or alleged intellectual property right of any third party arising from Company's purchase, use or sale of Products supplied under this Contract (i) alone; (ii) in combination by reason of their content, design, structure; or (iii) in combination in accordance with Seller's recommendations. In the event of an allegation of intellectual property infringement or if the use or sale of the Products is enjoined, Seller will, at its own expense and at Company's option, either (i) procure the right to continue using the Products; (ii) make such alterations modifications or adjustments to the Products so that they become non-infringing without incurring a material diminution in performance or function; (iii) replace same with a non-infringing equivalent; or (iv) remove the Products and refund the purchase price and the transportation and installation costs thereof. Seller's obligations will apply even though Company furnishes all or any portion of the design and specifies all or any portion of the processing used by Seller. All such obligations of Seller to indemnify, hold harmless, protect and defend Company are in addition to Seller's warranty obligations and all other rights or remedies of Company and will survive acceptance and use of, and payment for, the Products, and completion, termination, or cancellation of this Contract. If any settlement requires an affirmative obligation (other than ceasing use of the Product) of, results in any ongoing liability to or prejudice or detrimentally impacts Company in any way and such obligation, liability, prejudice or impact is material, then such settlement shall require Company's written consent and Company may have its own counsel in attendance at all proceedings and substantive negotiations relating to such Liabilities.

10. Seller's Liability and Indemnification: Seller will indemnify, protect, defend or settle (at Seller's expense), and hold harmless Indemnitees from and against all Liabilities arising out of or in any manner connected with personal injury, including death, or property loss or damage, or any other loss or damage, to Company or to others (including Seller and employees and invitees of Seller, Seller's suppliers, distributors, Company and Company employees and invitees) arising out of or in any manner connected with (i) the production and delivery of, or any defect in, Products supplied hereunder; (ii) any act or omission of Seller; and/or (iii) breach of any representation, warranty or covenant, whether caused by Seller, or a supplier of Seller, or employees or invitees of either of them, and in each case whether or not caused or contributed to by the fault or negligence of any of the Indemnitees. For the avoidance of doubt, Seller expressly agrees that Seller will indemnify, defend and hold harmless the Indemnitees in connection with this Section 10 even if any or all of the Liabilities incurred by any or all of the Indemnitees are caused in part by the concurrent negligence of one or more of the Indemnitees. Seller waives the application of the doctrine of comparative negligence and other doctrines that may otherwise allocate the liability covered by Seller's indemnity provided that nothing contained herein shall obligate Seller to indemnify Indemnitees from any claim which arises from the sole negligence of the Indemnitees. Seller agrees to waive and release any rights of contribution, indemnity or subrogation it may have against any of the Indemnitees as a result of any indemnity claim asserted by another Indemnitee under this Section 10. Seller, for itself, its successors, assigns and subcontractors hereby expressly agrees to waive any provision of any workers' compensation act or other similar law whereby Seller could preclude its joinder by Company as an additional defendant, or avoid liability for damages, contribution or indemnity in any action at law, or otherwise where Seller's or its subcontractor's employee or employees, heirs, assigns or anyone otherwise entitled to receive damages by reason of injury or death brings an action at law against any Indemnitee. Seller's obligation to Company herein will not be limited by any limitation on the amount or type of damages, benefits or compensation payable by or for Seller under any workers' compensation acts, disability benefit acts, or other employee benefit acts on account of claims against Company by an employee of Seller or anyone employed directly or indirectly by Seller or anyone for whose acts Seller may be liable. In particular, but without altering or in any way limiting the general application of the waiver set forth in the previous sentence, Seller expressly waives application of Section 303(b) of the Pennsylvania Workers' Compensation Act and Section 35, Article II of the Ohio Constitution and Ohio Revised Code Section 4123.74, as each may be amended from time to time. The obligations in this Section are in addition to Seller's duty to provide insurance and will not be altered by any limitation on the amount or type of damages, compensation, or benefits payable by Seller under any Workers' Compensation Act, U.S. Longshoremen's and Harbor Workers' Act, or any other employee benefit act. Seller's obligations hereunder will not be limited

to the extent of any insurance available to or provided by Seller.

11. Insurance: Seller agrees to maintain the following types of insurance coverage: (a) Workers' Compensation Insurance or qualification as a self-insurer to satisfy the laws of the states which have jurisdiction over Seller's employees. Coverage to include U.S. Longshore Harbor coverage as needed based on exposure. (b) Employers' Liability Insurance for Bodily Injury per accident with limits of not less than one million dollars (\$1,000,000) and Bodily Injury by Disease with limits of not less than one million dollars (\$1,000,000) per policy; (c) Commercial General Liability Insurance Services Office (ISO) form CG 00 01 10 01 or equivalent, including Premises and Operations, Products and Completed Operations, Blanket Contractual Liability, Stop-Gap for monopolistic workers' compensation states, Property Damage, Independent Contractors, Personal and Advertising Injury, Broad Form Property Damage, Cross Liability, Hostile Fire, Underground and Explosion and Collapse coverages if applicable based on the scope of work, remove the asbestos exclusion for abatement work, remove the lead based paint exclusion for abatement work, broaden the definition of insured contract to include work within 50 feet of a railroad with a combined single limit of not less than five million dollars (\$5,000,000.00) per occurrence, including primary and excess liability policies; (d) Aircraft Product Liability Insurance covering products and services for the aerospace industry, if applicable, in an amount not less than ten million dollars (\$10,000,000) per occurrence and not less than ten million dollars (\$10,000,000) per grounding; (e) All-Risk Property Damage Insurance for damage to Company's assets while at Seller's facility. The coverage must be written on a Replacement Cost Basis including Business Interruption and Time Element coverage. Additionally, the Seller is financially responsible for any applicable deductible under this All-Risk Property Damage coverage; and (f) Motor Truck Cargo Insurance (Inland Transit), for damage to Company's assets while in transit with a limit of not less than the value of Company's assets per occurrence. The Seller is responsible for any and all deductibles that apply to the coverage.

12. Termination: Company may terminate this Contract or any releases issued pursuant to this Contract, in whole or in part, at any time for convenience by giving written notice to Seller. After receiving written notice of termination, Seller will immediately cease production and delivery of all Products indicated in the notice of termination. Unless such termination is due to default of Seller or failure of Seller to assure adequate performance, Company will pay Seller, on a *pro rata* basis, for Products delivered as of the date of termination. Upon such payment, all finished goods for which Company has paid will become the property of Company and will be released by Seller to Company for pick-up and removal, upon demand. The provisions of this clause are without prejudice to any other rights or remedies of Company, including those resulting from default by Seller hereunder.

13. Cancellation: Company will have the right to cancel this Contract without a formal demand, in whole or in part, if the Products are, in Company's judgment, non-conforming or defective or not delivered as scheduled, or if Seller fails to comply with or fulfill at any time any of the terms and conditions of this Contract, or with Company's shipping and billing instructions, or if, in Company's opinion, the credit or ability of Seller to perform this Contract becomes impaired, whereupon Company will have the continuing right to obtain Products from another source, without prejudice to any other rights or remedies of Company and in addition thereto.

14. Transition of Supply: In connection with termination of this Contract or Company's decision to change to an alternate source of supply, Seller will cooperate in the transition of supply, including the following (collectively, "Transition Support"): (a) Seller will continue production and delivery of all Products as ordered by Company, at the prices and other terms stated in this Contract, without premium or other condition, during the entire period reasonably needed by Company to complete the transition to the alternate supplier(s), such that Seller's action or inaction causes no interruption in Company's ability to obtain Products as needed; (b) at no cost to Company, Seller will promptly provide all requested information and documentation regarding and access to Seller's manufacturing process, including on-site inspections, bill-of-material data, tooling and process detail and samples of Products and components; and (c) subject to Seller's reasonable capacity constraints, Seller will provide special overtime production, storage and/or management of extra inventory of Products, extraordinary packaging and transportation and other special services as expressly requested by Company in writing. If the transition occurs for reasons other than Seller's breach, Company will, at the end of the transition period, pay the reasonable, actual cost of Transition Support as requested and incurred, provided that Seller has advised Company of its estimate of such amounts and obtained Company's prior written consent prior to incurring such amounts. Any Transition Support costs incurred by Seller without Company's prior written consent shall be for Seller's account.

15. Payments: Invoices will be in Japanese Yen unless otherwise stated on the Invoice. All invoices for Products provided to Company will be accumulated upon receipt for a period from the 1st day to the last day of a month (the "Accumulation Period"). Except to the extent other terms are required by law, Company will pay invoices received during the Accumulation Period net 90 days from the end of such Accumulation Period (EOAP 90). In case of specified other terms of payment on the specific contract such as the individual purchase order, Company shall respect the individual purchase order. Seller will promptly submit correct and complete invoices or other agreed billing communications with appropriate supporting documentation and other information reasonably required by Company after delivery of the Products, and Company may withhold payment until a correct and complete invoice or other required information is received and verified. Company reserves the right to pay, in its sole discretion, according to either the payment terms of the Contract or any alternate payment terms indicated on the Seller's invoice, if applicable. Payment by Company of an invoice from Seller does not constitute acceptance of the Products covered by the invoice. If payments are required to be made under this Contract by Company in a currency other than Japanese Yen, Seller will provide Electronic Funds Transfer (EFT) instructions to Company and Company will make such payments to Seller electronically, to the extent permitted by law. Company will have the right, at any time, to set off and apply against any monetary obligations that Company owes to Seller or any of its parents, subsidiaries or affiliates, any obligations that Seller, or any of its parents, subsidiaries or affiliates, may owe to Company.

16. Confidentiality: At all times prior to, during, and after the Contract, Seller will (i) maintain the confidentiality of any information disclosed by Company or any of its parents, subsidiaries, affiliates, customers, and contractors, whether or not identified as "confidential" upon disclosure ("Confidential Information"); (ii) not disclose or permit the disclosure of any Confidential Information to any person other than its employees for whom such knowledge is essential for performance of the Contract; and (iii) not use Confidential Information except for performance of the Contract. Seller will immediately notify Company of any disclosure of any Confidential Information that is not permitted by this Contract or other misuse of any Confidential Information or breach of this Contract. Without limiting the direct liability of Seller's employees and others who may have received Confidential Information directly or indirectly from Seller, Seller will be responsible for the disclosure or other misuse of Confidential Information by Seller's employees and others, and Seller will immediately take such steps as may be necessary to terminate any continuing disclosure or misuse by any of Seller's employees and others of which Seller becomes aware. Company makes no representation or warranty of any kind, express or implied, with respect to any Confidential Information. Company may, at its sole discretion, elect at any time, by written notice to Seller, to terminate Seller's further use of Confidential Information for any purpose. Upon receipt of such notice, Seller will, and will cause Seller's employees to, promptly cease all further use of Confidential Information, return to Company all physical materials containing Confidential Information, whether the materials were originally provided by Company or copied or otherwise prepared by Seller or any Seller employee, and erase or otherwise destroy any Confidential Information kept by Seller or any Seller employee in electronic or other non-physical form. Such termination by Company will not affect Seller's continuing obligations in this Section 16. Seller agrees that no information disclosed by it to Company will be confidential unless due notice thereof is given in advance to and accepted by Company in writing.

17. Liens: Seller warrants that no lien, encumbrance or security interest will be filed by Seller or anyone claiming under or through Seller against

Company, Company's property, or the Products furnished under this Contract.

18. Independent Contractor/Safety: Seller is and will remain an independent contractor of the Company. No employee, agent, or representative of Seller or its subcontractors will be deemed to be an employee of Company. Seller will provide all safeguards, and take all precautions, necessary in connection with the production and delivery of the Products sold hereunder to prevent the occurrence of any accident, injury, death, loss, or damage to any person or property, and will be solely responsible therefore. Seller warrants that all Products delivered hereunder will be produced and delivered in a safe, proper, and workmanlike manner and in compliance with all applicable codes, regulations, laws, standards, specifications and Company requirements concerning safety, performance and otherwise, including, without limitation, any work or services related thereto performed on premises controlled by Company.

19. Assignment: Neither this Contract, nor Seller's rights and obligations hereunder, are assignable by Seller without the prior written consent of Company. No such consent or assignment will release Seller or change Seller's liability to perform all of its obligations under this Contract. Any attempted assignment without the prior written consent of Company will be null and void.

20. No Violation of Law: Seller and the Products will comply with all applicable laws, rules, regulations, orders, conventions, ordinances or standards of the country(ies) of destination or that relate to the manufacture, labeling, transportation, importation, exportation, licensing, approval or certification of the Products, including, but not limited to those relating to environmental matters, data protection and privacy, wages, hours, and conditions of employment, subcontractor selection, discrimination, occupational health/safety and motor vehicle safety. Upon request, Seller will furnish Company with certificates of compliance therewith. Unless this Contract is otherwise exempted by law, Seller will comply with Executive Order 11246, as amended by Executive Order 11375 (Equal Employment Opportunity) the Rehabilitation Act of 1973, the Vietnam Era Veteran's Readjustment Assistance Act of 1974 and the Americans with Disabilities Act, as they have been or may be amended from time to time, and regulations implementing such statutes; and any similar state and local laws and ordinances and the regulations implementing such statutes. If requested by Company, Seller will furnish to Company an executed Certificate of Nons segregated Facilities. Seller warrants that the Products delivered hereunder were produced at facilities complying with all applicable provisions of the Occupational Safety and Health Act and applicable regulations under that Act and agrees to, upon request, provide Company with all explanatory and factual information needed to verify such compliance and to enable Company to comply therewith, and with any other laws and regulations applicable hereto. Seller further warrants that it will comply, where applicable, and without limitation, with all orders, standards, and regulations of the National Highway & Transportation Safety Administration, Federal Aviation Administration, Environmental Protection Administration, Food and Drug Administration, Consumer Product Commission, and Occupational Safety & Health Act Administration.

21. Limitation on Use of Payment: Seller shall not offer or use, directly or indirectly, any money, property or anything of value received by Seller under or pursuant to this Contract to influence improperly or unlawfully any decision, judgment, action or inaction of: any official, employee or representative of any government or agency or instrumentality thereof, or of any government owned or partially government owned entity, or any other person or entity, in connection with or relating to the subject matter of this Contract or any supplement or amendment hereto. No payment shall be made nor shall any transaction be entered into in connection with this Contract that is illegal, improper or is intended to unduly or improperly influence any third party, including without limitation, by means of extortion, any kickback or bribery. If Seller breaches the terms of this provision, Company may immediately terminate this Contract without any liability.

22. Environment, Health, Safety and Security: If Seller, either as principal or by agent or employee, enters upon the property of Company, Seller agrees to comply with Company's rules and regulations, including its environmental, health, safety and security rules and regulations.

23. Hazardous and Dangerous Goods and Materials: Seller warrants: (1) that any chemical substance or mixture delivered to Company pursuant to this Contract is on the Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. inventory or that the premanufacture notice requirements thereof have been satisfied and such chemical substance or mixture is lawfully available for sale and use; (2) that chemical substances or mixtures delivered hereunder will be properly packaged with all appropriate warning labels, instructions for use, and notices, and that, if such chemical substances or mixtures are supplied in bulk, Seller will provide Company with an adequate supply of such warning labels, instructions, and notices for use in Company's facilities; (3) that Seller will supply with, or before, delivery, and at any other time upon Company's request, all information known to Seller with respect to potential hazards, including possible toxic or harmful effects, related to the handling, use, storage, disposal, or transportation of any chemical substances or mixtures delivered hereunder, and any precautions that should be taken to eliminate or reduce to a minimum such hazards; and (4) that Seller will ascertain and furnish all information about Products required by Company to comply with all safety-related laws and regulations (including, without limitation, those relating to applicable right-to-know laws and occupational safety and health acts), and with laws and regulations regarding composition, ingredients, or otherwise, including promptly furnishing to Company upon written request a list of all ingredients therein and the amounts thereof and information concerning any changes in such ingredients thereafter. Seller agrees that it will, upon Company's request, accept the return of unused toxic or hazardous chemical substances or mixtures delivered to Company pursuant to this Contract. Unless approved in writing by Company's location manager prior to shipment, Seller will not deliver any Products containing asbestos in a content exceeding the local regulatory level or 1% by weight of the Product, whichever is less. Furthermore, Seller warrants that any metal delivered under this Contract does not contain any regulated radioactive materials. Seller agrees to indemnify and hold Company harmless from any and all claims, demands, costs and expenses, including reasonable attorney's fees, resulting from or arising under, in whole or in part, a breach of the foregoing warranty. Seller agrees to be responsible for proper removal and disposal of any such materials and to pay the costs of any necessary cleanup.

24. Import/Export Compliance: Seller warrants that all sales made hereunder are or will be made at not less than fair value under the Japanese Customs Tariff Law article 8. Company will not be a party to the importation of the Products, the transaction(s) represented by the Contract will be consummated subsequent to importation, and Seller will neither cause nor permit Company's name to be shown as "Importer of Record" on any customs declaration. Transferable credits or benefits associated with the Products, including trade credits, export credits, or rights to the refund of duties, taxes, or fees, belong to Company unless otherwise prohibited by applicable law. Seller will provide Company with all information and records relating to the Products necessary for Company to (i) receive these benefits, credits, and rights, (ii) fulfill any customs obligations, origin marking or labeling requirements, and certification or local content reporting requirements, (iii) claim preferential duty treatment under applicable trade preference regimes, and (iv) participate in any duty deferral or free trade zone programs of the country of import. Seller will be responsible for strict compliance with all legal, regulatory and administrative requirements associated with any importation or exportation of Products, including obtaining any required licenses or approvals and, unless otherwise agreed between the parties elsewhere in this Contract, the payment of all associated duties, taxes and fees.

25. Duty Drawback: Upon request of Company, Seller will cooperate with Company in seeking any duty drawback available to Company in connection with export by Company of any Products imported by Seller and provided to Company under this Contract, or incorporating, or manufactured by Company from, such Products. Without limitation, Seller will (i) provide all information with respect to such imported Products necessary to complete any such drawback claims to be filed by Company, including Customs Service entry numbers, dates of entry, quantities and description of goods, customs values, and rates and amounts of customs duties paid by Seller, and (ii) execute applicable certificates of delivery and other documents as necessary in

connection with Company's drawback claims.

26. Labor Contracts: Seller will notify Company of any labor contract expiration date at least six months before the expiration of a current labor contract that has not been extended or replaced. Company may thereafter direct Seller in writing to manufacture up to thirty (30) days of additional inventory of the Products, specifying the quantities of Products required and any packaging and storage requirements. Seller will use commercially reasonable efforts to comply with Company's written instructions prior to the expiration of the current labor contract and until the current labor contract has been extended or a new contract completed. By authorizing the additional inventory, Company commits to buy the entire quantity of conforming Products requested and produced. Seller is responsible for carrying costs and any additional costs of manufacture.

27. Changes: Company may, at any time, in writing, make changes to the general scope of this Contract, and Seller will continue performance of this Contract as so changed. If any such change causes an increase or decrease in the cost of, or time required for, the performance of Seller's obligations under this Contract, an equitable adjustment will be made to the price or delivery schedule, or both, and this Contract will be modified in writing accordingly.

28. Electronic Commerce: Seller acknowledges that Company currently uses, or will in the future use, an electronic "business to business" framework to facilitate the transmission of Key Documentation relating to the purchase of Products hereunder. For purposes of this provision "Key Documentation" means purchase orders, order confirmations, advanced shipping notices (ASN), change orders, invoices and other similar documentation which form a part of the Contract. Seller acknowledges and agrees that (i) it has in place currently, or will implement as soon as possible after execution hereof, the system designated by Company to facilitate transmission of Key Documentation electronically, and (ii) Key Documentation transmitted hereunder by such methods will not be deemed invalid solely because they have been transmitted or executed electronically.
