- 1. Definitions:** The term "Contract" means these Terms and Conditions for Purchase of Services ("Terms and Conditions") together with all documents specifically referenced herein and any written purchase order, contract or agreement which attaches, incorporates or otherwise references these Terms and Conditions. The term "Company" means Arconic Inc., or its subsidiary(ies) or affiliate(s) in which located in Japan executing this Contract. The term "Seller" means any individual, corporation or other entity who is to perform the Services purchased by the Company pursuant to this Contract. The term "Services" means all services furnished by Seller and purchased by Company under this Contract.
- 2. Scope and Acceptance:** All Services are supplied pursuant to this Contract. This Contract will become legally enforceable on the earlier of delivery of a signed acknowledgment, commencement of performance or delivery according to schedule of all or any portion of the Services covered under this Contract, by Seller. Any acceptance of this Contract is limited to acceptance of the express terms of the offer contained on the face and back hereof. Without the written consent of Company's authorized representative, no additional or different terms proposed by Seller in its acknowledgement will be effective to modify the Contract and Seller will be deemed to have accepted the Contract without such modifications. Additional or different terms or any attempt by Seller to vary in any degree any of the terms of the Contract will be deemed material and are expressly objected to and rejected.
- 3. Price/Terms:** Seller warrants that the prices set forth in this Contract are complete and that no additional charge of any type will be added without Company's express written consent in advance. Seller further warrants that the prices set forth in this Contract are the lowest prices charged for the Services, or substantially similar Services, sold by Seller to its other customers. If, after execution of this Contract, but prior to payment by the Company for Services purchased hereunder, Seller (i) sells, or offers to sell, Services, or substantially similar Services, to another customer at a lower price, (ii) offers a reduction in price to any customer already purchasing Services, or substantially similar Services, or (iii) sells, or offers to sell, Services, or substantially similar Services, on commercial terms that are, in Company's reasonable judgment, more favorable than those set forth in this Contract, such lower price or more favorable terms will be applicable to all purchases of Services by Company hereunder. If, at any time during the term of this Contract, Company receives a *bona fide* offer from a third party to supply Services to Company on similar commercial terms, but at a lower price, Company may notify, and provide the necessary particulars of such offer to Seller, and Seller will, within, thirty (30) days thereafter, inform Company whether it will match such price for Services purchased hereunder. If Seller does not agree to match such price, Company may, in its sole discretion, elect to purchase Services from such third party, and any obligation of Company to purchase Services from Seller pursuant to the terms of this Contract will be deemed to be waived by Seller to the extent of any such purchases. Upon request of Company, Seller will be required to certify that it is in compliance with the requirements of this paragraph. In addition, Company will have the right to examine and audit, during normal business hours, any and all records, data, invoices and documents, in whatever shape or form, including, but not limited to, electronic media, that may contain information relating to Seller's obligations as set forth in this paragraph and the costs incurred pursuant to this Contract. Such records will be kept by Seller for a period of at least three (3) years after the expiration or termination of this Contract, or for such longer periods as may be required by law, in a form that is clear and accurate and containing content sufficient and adequate detail to permit the aforementioned audit. Except as expressly set forth in this Contract, Company will have no obligation to purchase any specific quantity of Services from Seller and Company will be entitled, in its sole discretion, to purchase the same or similar Services from other suppliers. Company expressly reserves the right to disclose the terms of this Contract, including but not limited to price, to third parties.
- 4. Taxes:** Seller will bear and pay all applicable taxes of the United States or any state or any foreign government including political subdivisions of any of them, which are based on or measured by net income, gross income or gross receipts including any withholding taxes levied against Seller for the privilege of doing business in a jurisdiction. If Seller is required by law to collect sales and use tax (including any gross receipts tax imposed similar to a sales and use tax) from the Company on behalf of any taxing jurisdiction, Seller will provide to Company invoices which separately state and clearly indicate the amount of tax and Company will remit any such tax to Seller. Seller will have the responsibility of complying with all applicable foreign, national, state or local laws regarding value added tax and sales and use tax or substitutes therefore including registration, collection of taxes and the filing of returns where applicable. Notwithstanding whether Seller must collect sales and use tax from Company, Seller will state on every invoice the taxing jurisdiction (e.g. country, state and local jurisdiction) in which Services were provided. If applicable, in lieu of payment for any sales and use tax, Seller will accept a properly executed exemption or direct pay certificate from Company. The determination of whether an exemption or direct pay certificate will be submitted to Seller in lieu of payment for any sales and use tax will be made by Company on a location by location basis. With the exception of sales and use tax as described above, all other taxes, however denominated or measured, imposed upon the Seller, or the price or compensation under this Contract, or upon the Services provided hereunder, will be the responsibility and liability of Seller.
- 5. Rejection:** Services will be received subject to inspection and approval by Company after delivery. Upon inspection, Company may give Seller notice of rejection or revocation of acceptance, notwithstanding any payment, approval, or inspection. No inspection, approval, delay or failure to inspect, or failure to discover any defect or other nonconformance, will relieve Seller of any obligations under this Contract or impair or waive any right or remedy of Company with respect to Seller's performance hereunder. If, in Company's judgment, the Services do not conform with the requirements of this Contract, Company will have the right to reject the Services and, in addition to any other rights and remedies it may have, Company may, in its sole discretion: (1) seek reimbursement, credit, replacement, or repair as Company may direct; or (2) correct, rework, and/or repair the Services with all costs associated therewith to be charged to and paid by Seller. All such nonconforming Services that are so remedied will have the same warranty as stated in Section 6 from the date of re-delivery.
- 6. Warranty:** Seller warrants that (a) it will strictly comply with the descriptions and representations of the Services (including performance capabilities, accuracy, completeness, characteristics, specifications, standards and requirements) which appear in this Contract, (b) Seller and the Services will not be in violation of any applicable law, rule or regulation and Seller will have obtained any permits or licenses required to comply with such laws and regulations, (c) the Services will not violate or in any way infringe upon the rights of third parties, including property, contractual, employment, trade secrets, proprietary information, and nondisclosure rights, or any trademark, copyright or patent rights, and (d) it is not subject to and will not enter into any agreements or arrangements which preclude compliance with the provisions of this Contract. These warranties are in addition to all other warranties, express, implied or statutory, which may be applicable. Limitations on Company's remedies in documents of Seller or otherwise will not be effective and are hereby objected to and rejected. All warranties and other provisions of this paragraph will survive inspection or acceptance of and payment for the Services and completion, termination or cancellation of this Contract.
- 7. Performance Standard:** Seller undertakes to perform the Services hereunder in accordance with the highest standards of professional and ethical competence and integrity in Seller's industry, and to ensure that employees assigned to perform any Services under this Contract will conduct themselves in a manner consistent therewith. The Services will be rendered by Seller in (1) an efficient, safe, courteous and businesslike manner, (2) in accordance with any specific instructions issued from time to time by Company and (3) to the extent consistent with above, as economically sound as business judgment warrants. Seller will promptly replace any employee or subcontractor that Company considers unfit or otherwise unsatisfactory.
- 8. Intellectual Property:** Seller will indemnify, protect, defend or settle (at Seller's expense) and hold harmless Company, its parents, affiliates and its and their directors, officers, employees, agents, successors and assigns ("Indemnitees") from all liabilities, expenses, suits, actions, claims, demands, judgments,

settlements, costs, losses, damages and all other obligations and proceedings, including without limitation all judgments rendered against, and all fines and penalties imposed upon, Indemnitees and all attorney fees and any other costs of litigation (collectively "Liabilities") incurred as a result of actual or alleged infringement of any present or future patent, copyright, trademark, trade secret, or other actual or alleged intellectual property right of any third party arising from Company's purchase or use of Services supplied under this Contract. In the event of an allegation of intellectual property infringement or if the use or sale of the Services is enjoined, Seller will, at its own expense and at Company's option, either (i) procure the right to continue using the Services; (ii) make such alterations, modifications or adjustments to the Services so that they become non-infringing without incurring a material diminution in performance or function; (iii) replace same with a non-infringing equivalent; or (iv) refund the purchase price. Seller's obligations will apply even though Company specifies all or any portion of the processing used by Seller. All such obligations of Seller to indemnify, hold harmless, protect and defend Company are in addition to Seller's warranty obligations and all other rights or remedies of Company and will survive acceptance and use of, and payment for, the Services, and completion, termination, or cancellation of this Contract. If any settlement requires any affirmative obligations (other than ceasing use of the Services) of, results in any ongoing liability to or prejudice or detrimentally impacts Company in any way and such obligation, liability, prejudice or impact is material, then such settlement shall require Company's written consent and Company may have its own counsel in attendance at all proceedings and substantive negotiations relating to such Liabilities.

Seller will promptly disclose to Company all data, information, discoveries, inventions and improvements, whether or not patentable or copyrightable, conceived, made, first reduced to practice, or developed by Seller arising out of the performance of Services, all referred to in this Contract as "Contract Developments". All Contract Developments, including patents and copyrights, will be the sole and exclusive property of Company in respect to any and all countries, their territories and possessions. Seller hereby assigns to Company all rights and future rights in such Contract Developments. Company shall have complete and unrestricted right to use all Contract Developments prepared by Seller and its subcontractors in connection with the performance of Services. Said documents shall constitute the property of Company and are not to be used on other projects except by agreement of Company in writing. At such time as Services are completed or the Contract is terminated, Seller shall deliver all said Contract Developments to Company. All said Contract Developments may be used by Company for any purpose without additional compensation to be paid to Seller. Seller will perform at the request of Company all lawful acts and execute, acknowledge, and deliver all instruments, including assignments, deemed necessary, useful, or appropriate by Company to vest in Company the entire right, title, and interest in and to such Contract Developments and obtain and record title to such Contract Developments and to enable Company to prepare, file, and prosecute applications for and obtain patents, copyrights and other forms of industrial property protection on such Contract Developments, as well as continuations, divisions, continuations-in-part, additions, reissues, renewals, and extensions of such Contract Developments, as Company at any time deems useful or desirable to preserve such interests in any and all countries selected by Company, and to obtain and record title to patents, copyrights and other forms of industrial property protection and applications for such Contract Developments so that Company will be the sole and absolute owner of Contract Developments in any and all countries in which Company may desire such protection. As used in this Contract, "industrial property" includes patents and copyrights as well as any other form of industrial or intellectual property protection which is presently available or applicable, or which may become available or applicable, to Contract Developments, including developments in expressions of data and computer software. Any reasonable additional costs to Seller required to satisfy the obligations of this paragraph will be reimbursed by Company. To the extent permitted by law, any Contract Development, including software, that generates copyrightable material will fall within the enumerated categories of §101 of the 1976 Copyright Act definition of "work for hire" subsection (2) and thus be considered a "work made for hire"; and Seller acknowledges that by so considering any Contract Development as a "work made for hire" that Company will own all right, title and interest in and to any copyright associated with such Contract Development. To the extent under applicable law that such work may not be deemed a "work made for hire", Seller expressly assigns and agrees to assign to Company all right, including the rights set forth article 27 and 28 of Japanese Copyright Act, title and interest in and to Seller's copyright for such work. Seller will execute and deliver to Company such instruments of transfer and take other such action that Company may reasonably request, including, without limitation, such assignments and other documents required to vest in Company the entire right, title and interest in and to any copyright associated with such Contract Developments. Seller agrees that any Contract Development is the exclusive property of Company and Seller will not sell, trade, give or intentionally make available any Contract Development to any private or public individual, corporation or other entity and will take all reasonable precautions to prevent the illegal use of such Contract Development.

9. Seller's Liability and Indemnification: Seller will indemnify, protect, defend or settle (at Seller's expense) and hold harmless Indemnitees from and against

all Liabilities arising out of or in any manner connected with personal injury, including death, or property loss or damage, or any other loss or damage, to Company or to others (including Seller and employees and invitees of Seller and of Company) arising out of or in any manner connected with (i) the performance, production and/or delivery of, or any defect in, Services supplied or purchased hereunder, (ii) any act or omission of Seller, and/or (iii) breach of any representation, warranty or covenant, whether caused by Seller, or a supplier of Seller, or employees or invitees of either of them, and in each case whether or not caused or contributed to by the fault or negligence of any of the Indemnitees. For the avoidance of doubt, Seller expressly agrees that Seller will indemnify, defend and hold harmless the Indemnitees in connection with this Section 9 even if any or all of the Liabilities incurred by any or all of the Indemnitees are caused in part by the concurrent negligence of one or more of the Indemnitees. Seller waives the application of the doctrine of comparative negligence and other doctrines that may otherwise allocate the liability covered by Seller's indemnity provided that nothing contained herein shall obligate Seller to indemnify Indemnitees from any claim which arises from the sole negligence of the Indemnitees. Seller agrees to waive and release any rights of contribution, indemnity or subrogation it may have against any of the Indemnitees as a result of any indemnity claim asserted by another Indemnitee under this Section 9. Seller, for itself, its successors, assigns and subcontractors hereby expressly agrees to waive any provision of any workers' compensation act or other similar law whereby Seller could preclude its joinder by Company as an additional defendant, or avoid liability for damages, contribution or indemnity in any action at law, or otherwise where Seller's or its subcontractor's employee or employees, heirs, assigns or anyone otherwise entitled to receive damages by reason of injury or death brings an action at law against any Indemnitee. Seller's obligation to Company herein will not be limited by any limitation on the amount or type of damages, benefits or compensation payable by or for Seller under any workers' compensation acts, disability benefit acts, or other employee benefit acts on account of claims against Company by an employee of Seller or anyone employed directly or indirectly by Seller or anyone for whose acts Seller may be liable. In particular, but without altering or in any way limiting the general application of such waiver as set forth in the previous sentence, Seller expressly waives application of Section 303(b) of the Pennsylvania Workers' Compensation Act and Section 35, Article II of the Ohio Constitution and Ohio Revised Code Section 4123.74, each as may be amended from time to time. The obligations in this Section are in addition to Seller's duty to provide insurance and will not be altered by any limitation on the amount or type of damages, compensation, or benefits payable by Seller under any Workers' Compensation Act, U.S. Longshoremen's and Harbor Workers' Act, or any other employee benefit act. Seller's obligations hereunder will not be limited to the extent of any insurance available to or provided by Seller.

After receiving written notice of termination, Seller will immediately cease production and delivery of all Services indicated in the notice of termination. Unless such termination is due to default of Seller or failure of Seller to assure adequate performance, Company will pay Seller, on a *pro rata* basis, for Services delivered as of the date of termination. Upon such payment, all finished services for which Company has paid will become the property of Company and will be released by Seller to Company upon demand. In case of specified other terms of payment on the specific contract such as the individual purchase order, Company shall respect the individual purchase order. Seller will promptly submit correct and complete invoices or other agreed billing communications with appropriate supporting documentation and other information reasonably required by Company after delivery of the Services, and Company may withhold payment until a correct and complete invoice or other required information is received and verified. Payment by Company of an invoice from Seller does not constitute acceptance of the Services covered by the invoice. If payments are required to be made under this Contract by Company in a currency other than Japanese Yen, Seller will provide Electronic Funds Transfer (EFT) instructions to Company and Company will make such payments to Seller electronically, to the extent permitted by law. Such termination by Company will not affect Seller's continuing obligations in this Section 14. Seller agrees that no information disclosed by it to Company will be confidential unless due notice thereof is given in advance to and accepted by Company in writing.

- 17. Assignment:** Neither this Contract, nor Seller's rights and obligations hereunder, are assignable by Seller without the prior written consent of Company. No such consent or assignment will release Seller or change Seller's liability to perform all of its obligations under this Contract. Any attempted assignment without the prior written consent of Company will be null and void.
- 18. No Violation of Law:** Seller and the Services will comply with all applicable foreign, federal, state and local laws, rules, regulations, orders, conventions, ordinances or standards including, but not limited to, those relating to environmental matters, data protection and privacy, wages, hours and conditions of employment, subcontractor selection, discrimination, occupational health/safety and motor vehicle safety. No payment shall be made nor shall any transaction be entered into in connection with this Contract that is illegal, improper or is intended to unduly or improperly influence any third party, including without limitation, by means of extortion, any kickback or bribery. If Seller breaches the terms of this provision, Company may immediately terminate this Contract without any liability.
- 20. Environment, Health, Safety, Security and Compliance:** If Seller, either as principal or by agent or employee, enters upon the property of Company, Seller agrees to comply with Company's rules and regulations, including its environmental, health, safety and security rules and regulations. At Company's request, Supplier and its Personnel will participate in Company trainings related to Company's policies and provide certifications or acknowledgements related thereto satisfactory to Company.

- 23. Duty Drawback:** Upon request of Company, Seller will cooperate with Company in seeking any duty drawback available to Company in connection with export by Company of any Services imported by Seller and provided to Company under this Order, or incorporating, or manufactured by Company from, such Services. - 24. Changes:** Company may, at any time, in writing, make changes to the general scope of this Contract, and Seller will continue performance of this Contract as so changed. If any such change causes an increase or decrease in the cost of, or time required for, the performance of Seller's obligations under this Contract, an equitable adjustment will be made to the price or delivery schedule, or both, and this Contract will be modified in writing accordingly.
- 25. Electronic Commerce:** Supplier acknowledges that Company currently uses, or will in the future use, an electronic "business to business" framework to facilitate the transmission of Key Documentation relating to the purchase of Services hereunder. Seller also agrees to give Company reasonable advance notice of potential material shortages, labor disputes, insolvency or other matters that might delay or interfere with its performance of this Contract.

All Company property, while in Seller's custody or control, will be held at Seller's risk, free of all liens, encumbrances or security interests of Seller or third parties, and will be kept insured by Seller at Seller's expense in an amount equal to replacement cost with loss payable to Company. If the transition occurs for reasons other than Seller's breach, Company will, at the end of the transition period, pay the reasonable, actual cost of Transition Support as requested and incurred, provided that Seller has advised Company of its estimate of such amounts and obtained Company's prior written consent prior to incurring such amounts. Any costs incurred by Seller without Company's prior written consent shall be for Seller's account.
- 31. Quality Assurance:** Seller warrants that it has and will maintain an adequate quality control/assurance program with respect to the delivery of Services and that it creates and maintains adequate quality control/assurance reports, certificates, and other such records relating to the Services. Seller agrees to notify Company of any change to the Seller's quality control/assurance program as well as certificates, and other such records relating to the Services.
